SUBJECT INDEX

Note: Abstract Index follows Author Index

A

Acanthamoeba sp.

Acanthamoeba keratitis associated with gas-permeable contact lens wear (letter), 832

Immunopathology and electron microscopy of *Acanthamoeba* keratitis, 626

Medical and surgical treatment of *Acanthamoeba* keratitis, 615

Acetylcholine

The effect of acetylcholine on early postoperative intraocular pressure, 749

Acquired immune deficiency syndrome

Conjunctival vascular changes in AIDS and AIDS-related complex (letter), 332

Cytomegalovirus retinitis as the initial manifestation of the acquired immune deficiency syndrome, 316

Prevalence, pathophysiology, and treatment of rhegmatogenous retinal detachment in treated cytomegalovirus retinitis, 527

Screening for potentially pathogenic agents in cornea donors (letter), 104

Use of intravitreal ganciclovir (dihydroxy propoxymethyl guanine) for cytomegalovirus retinitis in a patient with AIDS, 17

Use of intravitreal ganciclovir (dihydroxy propoxymethyl guanine) for cytomegalovirus retinitis in a patient with AIDS (correspondence), 842

Adnexa

Clinical, morphologic, immunophenotypic, and molecular genetic analysis of bilateral ocular adnexal lymphoid neoplasms in 17 patients, 555

AIDS-related complex

Conjunctival vascular changes in AIDS and AIDS-related complex (letter), 332

Syphilitic retinitis in a patient with acquired immunodeficiency syndrome-related complex (letter), 103

Amblyopia

Compliance and results of treatment for amblyopia in children more than 8 years old (correspondence), 342

Latent nystagmus and strabismic amblyopia, 87

Amiodarone

Multiple chalazia and rosacea in a patient treated with amiodarone (letter), 594

Anesthesia

Subarachnoid injection as a complication of retrobulbar anesthesia, 225

Angiopathy

Acute bilateral posterior angiopathy with influenza A viral infection, 289

Angle-closure glaucoma

Massive subretinal hemorrhage with acute angle-closure glaucoma in chronic myelocytic leukemia (letter), 837

Anterior segment

Anterior segment ischemia after strabismus surgery in a child (letter), 833

Aphakia

Epikeratophakia in aphakic children, 465

Nationwide study of epikeratophakia for aphakia in adults, 358

Nationwide study of epikeratophakia for aphakia in children, 366

Secondary intraocular lens implantation vs epikeratophakia for the treatment of aphakia, 384

Apraxia

Botulinum therapy for apraxia of eyelid opening (letter), 718

Asthma

Betaxolol in patients with glaucoma and asthma (correspondence), 600

Astigmatism

Reduction of astigmatism after keratoplasty, 477

Reduction of astigmatism after keratoplasty (correspondence), 844

Relaxing incisions with augmentation sutures for the correction of postkeratoplasty astigmatism, 441

B

Bacillus sp.

Bacillus cereus panophthalmitis manifesting as an orbital cellulitis (letter), 105

Betaxolol

Betaxolol in patients with glaucoma and asthma (correspondence), 600

Early postmarketing surveillance of betaxolol hydrochloride, September 1985–September 1986 (letter), 592

Blepharoconjunctivitis

Spontaneous resolution of herpes simplex blepharoconjunctivitis in children (correspondence), 340

Thaumetopoea wilkinsoni (toxic pine caterpillars) blepharoconjunctivitis (letter), 117

Blindness

Attack blindness (correspondence), 118

Attack blindness (correspondence), 120

Blowout fracture

Blowout fracture of the orbital floor with entrapment caused by isolated trauma to the orbital rim, 215

Books and Computer Software

AIDS and Other Sexually Transmitted Diseases and the Eye, by Insler, M. S. (ed.), 604

- American Academy of Ophthalmology Focal Points 1986: Clinical Modules for Ophthalmologists, by Smith, R. E. (ed.), 603
- Anterior Segment Surgery, by Stark, W. J., Terry, A. C., and Maumenee, A. E. (eds.), 730
- Atlas of Ophthalmic Surgery, Volume II. Cornea, Glaucoma, Lens, by Koch, D. D., and Spaeth, G. L. (eds.), 730
- Basic and Advanced Vitreous Surgery. FIDIA Research Series, Vol. 2, by Blankenship, G. W., Binder, S., Gonvers, M., and Stirpe, M. (eds.), 245
- Clinical Atlas of Glaucoma, by Van Buskirk, E. M., 602
- The Complete Contact Lens Fitting Guide and Directory, by Kastl, P. R., and Soper, J. W., 245
- Consultation in Ophthalmology, by Hedges, T. R., III, 729
- Detection and Measurement of Visual Impairment in Pre-Verbal Children, by Jay, B. (ed.), 121
- Drivers 55 Plus: Test Your Own Performance, by Malfetti, J. L., and Winter, D. J., 732
- Drug Evaluations, 6th edition, by Lampe, K. F. (ed.), 122
- Fighting the Third Death, by Linksz, A., 122
- Glaucoma, by McAllister, J. A., and Wilson, R. P. (eds.), 603
- Glaucoma, Vols. I and II, by Cairns, J. E. (ed.), 244
- Handbook of External Diseases of the Eye, by Bohigian, G. M., 346
- Internal Medicine, 2nd edition, by Stein, J. H. (ed.), 846
- Johann Friedrich Horner (1831-1886). Der Begründer der Schweizer Augenheilkunde in seiner Autobiographie, by Koelbing, H. M., and Mörgeli, C., 245
- Manual of Common Ophthalmic Surgical Procedures, by Phelps, C. D., and Kolder, H. E. (eds.), 346
- Manual of Corneal Surgery, by Bruner, W. E., Stark, W. J., and Maumenee, A. E. (eds.), 729
- Medical Abbreviations: 4200 Conveniences at the Expense of Communications and Safety, 3rd edition, by Davis, N. M., 122
- Medical Conditions Affecting Drivers, by Doege, T. C., and Engelberg, A. L. (eds.), 731
- Open-Angle Glaucoma. Contemporary Issues in Ophthalmology, volume 3, by Weinstein, G. W. (ed.), 603
- Ophthalmic Pathology. An Atlas and Textbook, 3rd ed., Vol. 3, by Spencer, W. H. (ed.), 243
- Ophthalmic Plastic and Reconstructive Surgery, volumes 1 and 2, by Smith, B. C., Della Rocca, R. C., Nasi, F. A., Lisman, R. D. (eds.), 846
- Ophthalmology Annual 1987, Vol. 3, by Reinecke, R. D. (ed.), 605
- Pathology of the Eye., by Naumann, G. O. H., and Apple, D. J., 243
- Retinopathy of Prematurity. Current Concepts and Controversies, by McPherson, A. R., Hittner, H. M., and Kretzer, F. L., 121
- Surgical Reconstruction in the Anophthalmic Orbit, by Vistnes, L. M., 731
- Textbook of Glaucoma, 2nd edition, by Shields, M. B., 602
- The University of Michigan Department of Ophthalmology. A Proud Heritage, by Henderson, J. W., 122
- Vitamin A Deficiency and Its Control, by Bauernfeind, J. C. (ed.), 605
- 1986 Yearbook of Ophthalmology, by Ernest, J. T. (ed.), 347
- Botulinum toxin**
Botulinum therapy for apraxia of eyelid opening (letter), 718
- Branhamella sp.**
Branhamella catarrhalis keratitis, 576
- Brown's syndrome**
Acquired Brown's syndrome caused by focal metastasis to the superior oblique muscle (letter), 598
- Bruch's membrane**
Myopic cracks, angiod streaks, and traumatic tears in Bruch's membrane, 537
- C
- Canaliculus**
Externalized silicone tube in single canalicular intubation (letter), 335
- Candidiasis**
Keratitis associated with the multiple endocrine deficiency, autoimmune disease, and candidiasis syndrome, 569
- Cataract**
Anterior subcapsular cataracts as a possible adverse ocular reaction to isotretinoin (letter), 236
Chronic bacterial postoperative endophthalmitis, 745
The effect of acetylcholine on early postoperative intraocular pressure, 749
Incidence, risk factors, and morphology in operating microscope light retinopathy, 255
Management of increased intraocular pressure after cataract extraction, 487
Medical treatment of ciliary block glaucoma after extracapsular cataract extraction (letter), 237
Persistent binocular diplopia after cataract surgery, 741
Sodium hyaluronate (Healon) for protection of the corneal endothelium during nuclear expression in extracapsular cataract extraction (letter), 591
Use of hydroxypropyl methylcellulose in extracapsular cataract extraction with intraocular lens implantation (correspondence), 727
Vitreous opacification after cataract extraction, 276
- Central retinal vein**
Assessment of angiographic retinal capillary non-perfusion in central retinal vein occlusion, 761
- Chalazion**
Multiple chalazia and rosacea in a patient treated with amiodarone (letter), 594
- Children**
Anterior segment ischemia after strabismus surgery in a child (letter), 833
Compliance and results of treatment for amblyopia in children more than 8 years old (correspondence), 342

- Epikeratophakia in aphakic children, 465
- Foveal cone pigments and sensitivity in young patients with Usher's syndrome, 150
- Nationwide study of epikeratophakia for aphakia in children, 366
- Pediatric audio-visual fixation system (letter), 722
- Spontaneous resolution of herpes simplex blepharoconjunctivitis in children (correspondence), 340
- Chondroitin**
- Topical application of hyaluronic acid and chondroitin sulfate in the treatment of dry eyes, 194
- Choroid**
- Hypotony and choroidal detachment as late complications of trabeculectomy, 685
- Technique for accurate placement of episcleral iodine-125 plaques, 63
- Choroiditis**
- Epstein-Barr viral antibodies in multifocal choroiditis and panuveitis, 659
- Chrysiasis**
- Lenticular chrysiasis in oral chrysotherapy (letter), 240
- Cocaine**
- Ocular signs of cocaine intoxication in neonates, 211
- Retinopathy of prematurity-like fundus and persistent hyperplastic primary vitreous associated with maternal cocaine use (letter), 719
- Color vision**
- Color vision and contrast sensitivity testing after radial keratotomy, 468
- Congenital disorders**
- Acquired Brown's syndrome caused by focal metastasis to the superior oblique muscle (letter), 598
- Histopathologic study of ocular changes in a syndrome of multiple congenital anomalies, 701
- Keratitis associated with the multiple endocrine deficiency, autoimmune disease, and candidiasis syndrome, 569
- Conjunctiva**
- Conjunctival vascular changes in AIDS and AIDS-related complex (letter), 332
- Histopathologic features of subconjunctivally injected corticosteroids (letter), 716
- Interferon-alpha therapy of recurrent conjunctival papillomas, 294
- Conjunctival flap**
- Treatment of neurotrophic ulcers with conjunctival flaps (letter), 711
- Contact lens**
- Acanthamoeba* keratitis associated with gas-permeable contact lens wear (letter), 832
- Corneal birth trauma managed with a contact lens (letter), 596
- Guidelines for safe contact lens wear (letter), 832
- Medical and surgical treatment of *Acanthamoeba* keratitis, 615
- Contrast sensitivity**
- Color vision and contrast sensitivity testing after radial keratotomy, 468
- Cornea**
- Centering corneal surgical procedures, 264; correction, 852
- Corneal abrasion resulting from a unit dose artificial tear dispenser (letter), 333
- Corneal birth trauma managed with a contact lens (letter), 596
- Corneal edema induced by cold in trigeminal nerve palsy, 641
- The corneal endothelium after laser therapy for glaucoma, 518
- Corneal opacities secondary to topical naphazoline and antazoline (Albalon-A) (letter), 110
- Corneal topography in myopic patients undergoing epikeratophakia, 404
- Corneal ulcer resulting from dental instrument injury (letter), 334
- Corneal wound healing after excimer laser keratotomy in a human eye, 454
- Dynamics of the ultraviolet laser ablation of corneal tissue, 470
- Epidermal growth factor in alkali-burned corneal epithelial wound healing, 802
- Excimer laser cut lenticules for epikeratophakia, 475
- Fixation for keratoplasty trephination (letter), 112
- Immunopathology and electron microscopy of *Acanthamoeba* keratitis, 626
- Interface hematoma after epikeratophakia (letter), 328
- A method for accurate centering of the Hessburg-Barron trephine (letter), 712
- Mooren's ulcer after penetrating keratoplasty, 53
- Ophthalmic excimer laser for corneal surgery, 472
- Reduction of astigmatism after keratoplasty, 477
- Refractive surgery with the excimer laser, 469
- Screening for potentially pathogenic agents in cornea donors (letter), 104
- Serious corneal complications of glaucoma filtering surgery with postoperative 5-fluorouracil, 183
- Serologic markers after the transplantation of corneas from donors infected with human immunodeficiency virus, 798
- Sodium hyaluronate (Healon) for protection of the corneal endothelium during nuclear expression in extracapsular cataract extraction (letter), 591
- Specular microscopy of corneal epithelium after epikeratophakia, 392
- Treatment of neurotrophic ulcers with conjunctival flaps (letter), 711
- Ultrastructural and histochemical study of long-term wound healing after radial keratotomy, 432
- 30-Year follow-up of posterior radial keratotomy (letter), 330

Corneoscleritis

Pseudomonas corneoscleritis (correspondence), 725

Corrections

Centering corneal surgical procedures, 264; correction, 852

Contact laser scalpel for intraocular surgery, 102:663; correction, 122

Ocular neuromyotonia after radiation therapy, 102:766; correction, 253

Corticosteroid

Echographic localization of corticosteroids after periocular injection, 281

Histopathologic features of subconjunctivally injected corticosteroids (letter), 716

Crohn's disease

Retinal vasculitis in Crohn's disease, 664

Cryotherapy

Effect of rapid freezing on uveal melanomas, 66

Cyanoacrylate

Experimental transvitreal cyanoacrylate retinopexy in a primate model, 782

Cystic fibrosis

Ocular findings in cystic fibrosis, 204

Cystoid macular edema

Effectiveness of ketorolac tromethamine 0.5% ophthalmic solution for chronic aphakic and pseudophakic cystoid macular edema, 479

Significance of the pars plana exudate in pars planitis, 669

Cytomegalovirus

Cytomegalovirus retinitis as the initial manifestation of the acquired immune deficiency syndrome, 316

Use of intravitreal ganciclovir (dihydroxy propoxymethyl guanine) for cytomegalovirus retinitis in a patient with AIDS, 17

Use of intravitreal ganciclovir (dihydroxy propoxymethyl guanine) for cytomegalovirus retinitis in a patient with AIDS (correspondence), 842

Cytomegalovirus retinitis

Prevalence, pathophysiology, and treatment of rhegmatogenous retinal detachment in treated cytomegalovirus retinitis, 527

D**Diabetes**

"En bloc" excision of diabetic membranes, 302

Diabetic retinopathy

Intraoperative argon endophotocoagulation for recurrent vitreous hemorrhage after vitrectomy for diabetic retinopathy, 146

Diplopia

Persistent binocular diplopia after cataract surgery, 741

Drugs

A supplemental labeling system for topical medications (letter), 335

Drusen

Drusen of the optic disk in retinitis pigmentosa, 44

Drusen of the optic disk in retinitis pigmentosa (correspondence), 845

E**Edema**

Corneal edema induced by cold in trigeminal nerve palsy, 641

Editorials

Contracting with managed health care plans in the present health care environment (HIBBS, J. S.), 321

Enigma of pars planitis (AABERG, T. M.), 828

Fabricated data and coauthors (NEWELL, F. W.), 101

In support of clearer public speaking (correspondence), 341

In support of clearer public speaking (correspondence), 342

National Institutes of Health—100 years (NEWELL, F. W.), 706

Ophthalmology: what do we need to know? (SPIVEY, B. E., and GAMBLE, L.), 586

Pseudophakic malignant glaucoma—is it really pseudo-malignant? (EPSTEIN, D. L.), 231

Refractive surgery (KAUFMAN, H. E.), 355

Role of the ophthalmologist in the management of sarcoidosis (AABERG, T. M.), 99

Endophthalmitis

Chronic bacterial postoperative endophthalmitis, 745

Staphylococcus epidermidis endophthalmitis after pneumatic retinopexy (letter), 720

Yersinia pestis endophthalmitis (letter), 721

Endothelium

The corneal endothelium after laser therapy for glaucoma, 518

Pars planitis and autoimmune endotheliopathy (correspondence), 599

Sodium hyaluronate (Healon) for protection of the corneal endothelium during nuclear expression in extracapsular cataract extraction (letter), 591

Epidermal growth factor

Epidermal growth factor in alkali-burned corneal epithelial wound healing, 802

Epikeratophakia

Corneal topography in myopic patients undergoing epikeratophakia, 404

Epikeratophakia in aphakic children, 465

Excimer laser cut lenticles for epikeratophakia, 475

Interface hematoma after epikeratophakia (letter), 328

Nationwide study of epikeratophakia for aphakia in adults, 358

Nationwide study of epikeratophakia for aphakia in children, 366

Nationwide study of epikeratophakia for myopia, 375

Nonfreeze epikeratophakia for the correction of myopia, 397

Preliminary comparative study of epikeratophakia or penetrating keratoplasty for keratoconus, 467

- Secondary intraocular lens implantation vs epikeratophakia for the treatment of aphakia, 384
- Specular microscopy of corneal epithelium after epikeratophakia, 392
- Episcleral venous pressure**
- Intraocular and episcleral venous pressure increase during inverted posture, 523
- Epithelium**
- Epidermal growth factor in alkali-burned corneal epithelial wound healing, 802
- Specular microscopy of corneal epithelium after epikeratophakia, 392
- Epstein-Barr virus**
- Epstein-Barr viral antibodies in multifocal choroiditis and panuveitis, 659
- Exophthalmometry**
- New light device for the illumination of the Hertel-type exophthalmometer (letter), 838
- Eye donation**
- Obtaining consent for eye donation, 198
- Eyedrops**
- Effectiveness of ketorolac tromethamine 0.5% ophthalmic solution for chronic aphakic and pseudophakic cystoid macular edema, 479
- Eyelid**
- Botulinum therapy for apraxia of eyelid opening (letter), 718
- Eschar-induced eyelid perforation (letter), 336
- F
- Filtering surgery**
- Excimer laser photocoagulation in glaucoma filtering surgery (letter), 713
- Filtering surgery in owl monkeys treated with the antimetabolite 5-fluorouridine 5'-monophosphate entrapped in multivesicular liposomes (letter), 714
- Serious corneal complications of glaucoma filtering surgery with postoperative 5-fluorouracil, 183
- Suprachoroidal hemorrhage after glaucoma filtering surgery, 689
- Fixation**
- Pediatric audio-visual fixation system (letter), 722
- Fluorescein angiography**
- Assessment of angiographic retinal capillary non-perfusion in central retinal vein occlusion, 761
- Fluorescein angiography in massive retinal gliosis (letter), 593
- Subretinal hemorrhage during fluorescein angiography (letter), 111
- Fluorochemical**
- Experimental vitreous replacement with perfluorotributylamine, 29
- Low viscosity liquid fluorochemicals in vitreous surgery, 38
- Fovea**
- Foveal cone pigments and sensitivity in young patients with Usher's syndrome, 150
- G
- Ganciclovir**
- Use of intravitreal ganciclovir (dihydroxy propoxymethyl guanine) for cytomegalovirus retinitis in a patient with AIDS, 17
- Use of intravitreal ganciclovir (dihydroxy propoxymethyl guanine) for cytomegalovirus retinitis in a patient with AIDS (correspondence), 842
- Genetics**
- Congenital hypertrophy of the retinal pigment epithelium and familial polyposis of the colon (letter), 235
- Ocular findings in cystic fibrosis, 204
- Glaucoma**
- Betaxolol in patients with glaucoma and asthma (correspondence), 600
- Compliance with topical timolol treatment, 188
- The corneal endothelium after laser therapy for glaucoma, 518
- Excimer laser photocoagulation in glaucoma filtering surgery (letter), 713
- Filtering surgery in owl monkeys treated with the antimetabolite 5-fluorouridine 5'-monophosphate entrapped in multivesicular liposomes (letter), 714
- Hypotony and choroidal detachment as late complications of trabeculectomy, 685
- Look at me (letter), 840
- Management of fibrin pupillary-block glaucoma after pars plana vitrectomy with intravitreal gas injection, 180
- Medical treatment of ciliary block glaucoma after extracapsular cataract extraction (letter), 237
- Pseudophakic malignant glaucoma—is it really pseudo-malignant? (editorial), 231
- Pseudophakic malignant glaucoma—is it really pseudo-malignant? (correspondence), 843
- Screening for glaucomatous visual field loss with automated threshold perimetry, 681
- Serious corneal complications of glaucoma filtering surgery with postoperative 5-fluorouracil, 183
- Suprachoroidal hemorrhage after glaucoma filtering surgery, 689
- Use of therapeutic ultrasound to restore failed trabeculectomies, 492
- Gliosis**
- Fluorescein angiography in massive retinal gliosis (letter), 593
- Globe**
- Globe rupture from blunt trauma after hexagonal keratotomy (letter), 241
- H
- Health care delivery**
- Contracting with managed health care plans in the present health care environment (editorial), 321
- Hemangioma**
- Intraosseous capillary hemangioma of the frontal bone, 824
- Hemorrhage**
- Interface hematoma after epikeratophakia (letter), 328
- Massive subretinal hemorrhage with acute angle-closure glaucoma in chronic myelocytic leukemia (letter), 837
- Optic disk cupping and pallor measurements of patients with a disk hemorrhage, 505
- Subretinal hemorrhage during fluorescein angiography (letter), 111

Suprachoroidal hemorrhage after glaucoma filtering surgery, 689

Herpes simplex

Spontaneous resolution of herpes simplex blepharoconjunctivitis in children (correspondence), 340

Viability of herpes simplex virus type 1 on the applanation tonometer, 48

History of ophthalmology

National Institutes of Health—100 years (editorial), 706

HLA

Clinical features of acute anterior uveitis, 137

Human immunodeficiency virus

Serologic markers after the transplantation of corneas from donors infected with human immunodeficiency virus, 798

Hyaluronic acid

Topical application of hyaluronic acid and chondroitin sulfate in the treatment of dry eyes, 194

Hydroxypropyl methylcellulose

Use of hydroxypropyl methylcellulose in extracapsular cataract extraction with intraocular lens implantation (correspondence), 727

Hyperoxemia

Hyperoxemic retinal necrosis in the premature neonate (correspondence), 343

Hyperoxemic retinal neuronal necrosis in the premature neonate (correspondence), 726

Hypotony

Hypotony and choroidal detachment as late complications of trabeculectomy, 685

I

Infants

Histopathologic study of ocular changes in a syndrome of multiple congenital anomalies, 701

Hyperoxemic retinal necrosis in the premature neonate (correspondence), 343

Hyperoxemic retinal neuronal necrosis in the premature neonate (correspondence), 726

Ocular signs of cocaine intoxication in neonates, 211

Interferon-alpha

Interferon-alpha therapy of recurrent conjunctival papillomas, 294

Intraocular lens

Secondary intraocular lens implantation vs epikeratophakia for the treatment of aphakia, 384

Use of hydroxypropyl methylcellulose in extracapsular cataract extraction with intraocular lens implantation (correspondence), 727

Intraocular pressure

The effect of acetylcholine on early postoperative intraocular pressure, 749

Exercise conditioning and intraocular pressure, 754

Intraocular and episcleral venous pressure increase during inverted posture, 523

Management of increased intraocular pressure after cataract extraction, 487

Iris

Bilateral melanosis of the iris (letter), 115

Ocular signs of cocaine intoxication in neonates, 211

Ischemia

Anterior segment ischemia after strabismus surgery in a child (letter), 833

Posterior ischemic optic neuropathy during general surgery, 808

Isotretinoin

Anterior subcapsular cataracts as a possible adverse ocular reaction to isotretinoin (letter), 236

K

Keratotomy

Ultrastructural comparison of conventional surgical and argon fluoride excimer laser keratotomy, 448

Keratitis

Acanthamoeba keratitis associated with gas-permeable contact lens wear (letter), 832

Branhamella catarrhalis keratitis, 576

Immunopathology and electron microscopy of *Acanthamoeba* keratitis, 626

Keratitis associated with the multiple endocrine deficiency, autoimmune disease, and candidiasis syndrome, 569

Medical and surgical treatment of *Acanthamoeba* keratitis, 615

Mycobacterium chelonae keratitis (letter), 595

Spontaneous resolution of herpes simplex blepharoconjunctivitis in children (correspondence), 340

Treatment of neurotrophic ulcers with conjunctival flaps (letter), 711

Keratoconjunctivitis sicca

Topical application of hyaluronic acid and chondroitin sulfate in the treatment of dry eyes, 194

Keratoconus

Preliminary comparative study of epikeratophakia or penetrating keratoplasty for keratoconus, 467

Keratomycosis

Direct examination vs culture of biopsy specimens for the diagnosis of keratomycosis, 636

Keratoplasty

Fixation for keratoplasty trephination (letter), 112

Reduction of astigmatism after keratoplasty, 477

Reduction of astigmatism after keratoplasty (correspondence), 844

Rotating slit delivery system for excimer laser refractive keratoplasty, 474

Keratoprosthesis

Spontaneous unscrewing of a Cardona keratoprosthesis (letter), 331

Keratotomy

Corneal wound healing after excimer laser keratotomy in a human eye, 454

Globe rupture from blunt trauma after hexagonal keratotomy (letter), 241

L

Labeling system

A supplemental labeling system for topical medications (letter), 335

Laser

- Contact laser scalpel for intraocular surgery, 102:663; correction, 122
- The corneal endothelium after laser therapy for glaucoma, 518
- Corneal wound healing after excimer laser keratotomy in a human eye, 454

Penetrating keratoplasty

- Mooren's ulcer after penetrating keratoplasty, 53
- Preliminary comparative study of epikeratophakia or penetrating keratoplasty for keratoconus, 467
- Relaxing incisions with augmentation sutures for the correction of postkeratoplasty astigmatism, 441

Perimetry

- Screening for glaucomatous visual field loss with automated threshold perimetry, 681

Photocoagulation

- Grand mal seizure during argon laser panretinal photocoagulation (letter), 116
- Grid photocoagulation for macular edema in patients with retinitis pigmentosa, 161
- Intraoperative argon endophotocoagulation for recurrent vitreous hemorrhage after vitrectomy for diabetic retinopathy, 146
- Photographic slides for teaching laser photocoagulation (letter), 590
- Potential laser hazards to the clinician during photocoagulation, 758

Photoreceptor

- Foveal cone pigments and sensitivity in young patients with Usher's syndrome, 150

Posterior segment

- Pars plana vitrectomy for severe penetrating injury with posterior segment involvement, 549

Preeclampsia

- Ocular manifestations of preeclampsia, 309

Preretinal membrane

- Ultrastructural characteristics of preretinal membranes from human eyes filled with silicone oil, 770

Proptosis

- Intraosseous capillary hemangioma of the frontal bone, 824

Pseudomonas* sp.Pseudomonas* corneoscleritis (correspondence), 725**Pupil**

Management of fibrin pupillary-block glaucoma after pars plana vitrectomy with intravitreal gas injection, 180

R**Radial keratotomy**

Color vision and contrast sensitivity testing after radial keratotomy, 468

Consecutive series (1982-1985) of radial keratomies performed with the diamond blade, 417

Repeated radial keratotomy in the prospective evaluation of radial keratotomy study, 423

Ultrastructural and histochemical study of long-term wound healing after radial keratotomy, 432

30-Year follow-up of posterior radial keratotomy (letter), 330

Radiation therapy

Ocular neuromyotonia after radiation therapy, 102:766; correction, 253

Refraction

Stenopeic strip (letter), 116

Refractive surgery

Color vision and contrast sensitivity testing after radial keratotomy, 468

Consecutive series (1982-1985) of radial keratomies performed with the diamond blade, 417

Corneal topography in myopic patients undergoing epikeratophakia, 404

Corneal wound healing after excimer laser keratotomy in a human eye, 454

Dynamics of the ultraviolet laser ablation of corneal tissue, 470

Epikeratophakia in aphakic children, 465

Excimer laser cut lenticles for epikeratophakia, 475

Interface hematoma after epikeratophakia (letter), 328

Nationwide study of epikeratophakia for aphakia in adults, 358

Nationwide study of epikeratophakia for aphakia in children, 366

Nationwide study of epikeratophakia for myopia, 375

Nonfreeze epikeratophakia for the correction of myopia, 397

Ophthalmic excimer laser for corneal surgery, 472

Reduction of astigmatism after keratoplasty, 477

Refractive surgery (editorial), 355

Refractive surgery with the excimer laser, 469

Relaxing incisions with augmentation sutures for the correction of postkeratoplasty astigmatism, 441

Repeated radial keratotomy in the prospective evaluation of radial keratotomy study, 423

Rotating slit delivery system for excimer laser refractive keratoplasty, 474

Secondary intraocular lens implantation vs epikeratophakia for the treatment of aphakia, 384

Specular microscopy of corneal epithelium after epikeratophakia, 392

Ultrastructural and histochemical study of long-term wound healing after radial keratotomy, 432

Ultrastructural comparison of conventional surgical and argon fluoride excimer laser keratectomy, 448

30-Year follow-up of posterior radial keratotomy (letter), 330

Retina

Assessment of angiographic retinal capillary non-perfusion in central retinal vein occlusion, 761

Disappearance of myelinated retinal nerve fibers after a branch retinal artery occlusion (letter), 835

Fluorescein angiography in massive retinal gliosis (letter), 593

Hyperoxemic retinal necrosis in the premature neonate (correspondence), 343

Hyperoxemic retinal neuronal necrosis in the premature neonate (correspondence), 726

Immunohistopathologic study of trilateral retinoblastoma, 776

Long-term results of successful vitrectomy with silicone oil for advanced proliferative vitreoretinopathy, 24

Massive subretinal hemorrhage with acute angle-closure glaucoma in chronic myelocytic leukemia (letter), 837

Retinal vasculitis in Crohn's disease, 664

Ultrastructural characteristics of preretinal membranes from human eyes filled with silicone oil, 770

Vitreoretinal photography using the 90-diopter lens (letter), 238

Retinal detachment

Cannulated subretinal fluid aspirator for vitreoretinal microsurgery (letter), 106

"En bloc" excision of diabetic membranes, 302

Experimental transvitreal cyanoacrylate retinopexy in a primate model, 782

Histopathologic study of the effect of retinal detachment surgery on 49 eyes obtained post mortem, 167

Intrusion of retinal tacks, 672

Prevalence, pathophysiology, and treatment of rhegmatogenous retinal detachment in treated cytomegalovirus retinitis, 527

Safety of magnetic resonance imaging with intraorbital metallic objects after retinal reattachment or trauma (letter), 831

Retinal pigment epithelium

Congenital hypertrophy of the retinal pigment epithelium and familial polyposis of the colon (letter), 235

Foveal cone pigments and sensitivity in young patients with Usher's syndrome, 150

Retinal tacks

Intrusion of retinal tacks, 672

Retinitis

Cytomegalovirus retinitis as the initial manifestation of the acquired immune deficiency syndrome, 316

Syphilitic retinitis in a patient with acquired immunodeficiency syndrome-related complex (letter), 103

Use of intravitreal ganciclovir (dihydroxy propoxy-methyl guanine) for cytomegalovirus retinitis in a patient with AIDS, 17

Use of intravitreal ganciclovir (dihydroxy propoxy-methyl guanine) for cytomegalovirus retinitis in a patient with AIDS (correspondence), 842

Retinitis pigmentosa

Drusen of the optic disk in retinitis pigmentosa, 44

Drusen of the optic disk in retinitis pigmentosa (correspondence), 845

Grid photocoagulation for macular edema in patients with retinitis pigmentosa, 161

Isolated exudative maculopathy in retinitis pigmentosa (letter), 834

Transmission electron microscopic observations of vitreous abnormalities in retinitis pigmentosa (correspondence), 345

Retinoblastoma

Immunohistochemical characterization of human retinoblastomas in situ with multiple markers, 647

Immunohistopathologic study of trilateral retinoblastoma, 776

S-antigen immunoreactivity in trilateral retinoblastoma, 57

Retinopathy

Incidence, risk factors, and morphology in operating microscope light retinopathy, 255

Radiation retinopathy as an experimental model for ischemic proliferative retinopathy and rubeosis iridis, 790

Retinopathy of prematurity

Retinopathy of prematurity-like fundus and persistent hyperplastic primary vitreous associated with maternal cocaine use (letter), 719

Retinopathy

Experimental transvitreal cyanoacrylate retinopathy in a primate model, 782

Staphylococcus epidermidis endophthalmitis after pneumatic retinopathy (letter), 720

Rosacea

Multiple chalazia and rosacea in a patient treated with amiodarone (letter), 594

Rubeosis iridis

Radiation retinopathy as an experimental model for ischemic proliferative retinopathy and rubeosis iridis, 790

S**Sarcoidosis**

Role of the ophthalmologist in the management of sarcoidosis (editorial), 99

Sclera

Long-term results of scleral reinforcement surgery, 544

Scotoma

Use of the red amsler grid and red-green lenses in detecting spurious paracentral visual field defects (letter), 338

Sebaceous carcinoma

Recurrent and residual sebaceous carcinoma after Mohs' excision of the primary lesion, 817

Shotgun injury

Bilateral ocular shotgun injury, 695

Silicone oil

Long-term results of successful vitrectomy with silicone oil for advanced proliferative vitreoretinopathy, 24

Ultrastructural characteristics of preretinal membranes from human eyes filled with silicone oil, 770

Sodium hyaluronate

Sodium hyaluronate (Healon) for protection of the corneal endothelium during nuclear expression in extracapsular cataract extraction (letter), 591

***Staphylococcus* sp.**

Staphylococcus epidermidis endophthalmitis after pneumatic retinopathy (letter), 720

Strabismus

Anterior segment ischemia after strabismus surgery in a child (letter), 833

Latent nystagmus and strabismic amblyopia, 87

Modified placement of adjustable strabismus sutures (letter), 723

Sulfate

Topical application of hyaluronic acid and chondroitin sulfate in the treatment of dry eyes, 194

Surgery

Intraocular thymoxamine for miosis during surgery (letter), 709

Suture

Modified placement of adjustable strabismus sutures (letter), 723

Syphilis

Syphilitic retinitis in a patient with acquired immunodeficiency syndrome-related complex (letter), 103

T**Tarsorrhaphy**

Advantages of partial patching or tarsorrhaphy over complete eyelid closure (letter), 339

Tear

Myopic cracks, angioid streaks, and traumatic tears in Bruch's membrane, 537

Tears

Corneal abrasion resulting from a unit dose artificial tear dispenser (letter), 333

Topical application of hyaluronic acid and chondroitin sulfate in the treatment of dry eyes, 194

Thymoxamine

Intraocular thymoxamine for miosis during surgery (letter), 709

Timolol

Adverse respiratory and cardiovascular events attributed to timolol ophthalmic solution, 1978-1985 (correspondence), 844

Compliance with topical timolol treatment, 188

Tonometry

Viability of herpes simplex virus type 1 on the applanation tonometer, 48

Trabeculectomy

Hypotony and choroidal detachment as late complications of trabeculectomy, 685

Use of therapeutic ultrasound to restore failed trabeculectomies, 492

Trabeculoplasty

Repeat argon laser trabeculoplasty (letter), 113

Trauma

Corneal birth trauma managed with a contact lens (letter), 596

Pars plana vitrectomy for severe penetrating injury with posterior segment involvement, 549

Safety of magnetic resonance imaging with intraorbital metallic objects after retinal reattachment or trauma (letter), 831

Trephine

A method for accurate centering of the Hessburg-Barron trephine (letter), 712

Trigeminal nerve

Corneal edema induced by cold in trigeminal nerve palsy, 641

Tumor

Immunohistopathologic study of trilateral retinoblastoma, 776

Intraosseous capillary hemangioma of the frontal bone, 824

Recurrent and residual sebaceous carcinoma after Mohs' excision of the primary lesion, 817

S-antigen immunoreactivity in trilateral retinoblastoma, 57

U

Ulcer

Corneal ulcer resulting from dental instrument injury (letter), 334

Treatment of neurotrophic ulcers with conjunctival flaps (letter), 711

Ultrasound

Use of therapeutic ultrasound to restore failed trabeculectomies, 492

Usher's syndrome

Foveal cone pigments and sensitivity in young patients with Usher's syndrome, 150

Uvea

Effect of rapid freezing on uveal melanomas, 66

Uveitis

Changing patterns of uveitis, 131

Chronic bacterial postoperative endophthalmitis, 745

Clinical features of acute anterior uveitis, 137

Enigma of pars planitis (editorial), 828

International uveitis study group recommenda-

tions for the evaluation of intraocular inflammatory disease (letter), 234

Significance of the pars plana exudate in pars planitis, 669

V

Vasculitis

Retinal vasculitis in Crohn's disease, 664

Visual field

Patterns of early visual field loss in open-angle glaucoma, 512

Screening for glaucomatous visual field loss with automated threshold perimetry, 681

Visual loss

Use of the red amsler grid and red-green lenses in detecting spurious paracentral visual field defects (letter), 338

Visual screening

Use of the red amsler grid and red-green lenses in detecting spurious paracentral visual field defects (letter), 338

Vitrectomy

"En bloc" excision of diabetic membranes, 302

Intraoperative argon endophotocoagulation for recurrent vitreous hemorrhage after vitrectomy for diabetic retinopathy, 146

Long-term results of successful vitrectomy with silicone oil for advanced proliferative vitreoretinopathy, 24

Management of complete iridocorneal apposition after vitrectomy (letter), 108

Vitreoretinopathy

Long-term results of successful vitrectomy with silicone oil for advanced proliferative vitreoretinopathy, 24

Vitreous

Experimental transvitreal cyanoacrylate retinopexy in a primate model, 782

Experimental vitreous replacement with perfluorotributylamine, 29

Intraoperative argon endophotocoagulation for recurrent vitreous hemorrhage after vitrectomy for diabetic retinopathy, 146

Low viscosity liquid fluorochemicals in vitreous surgery, 38

Retinopathy of prematurity-like fundus and persistent hyperplastic primary vitreous associated with maternal cocaine use (letter), 719

Significance of the pars plana exudate in pars planitis, 669

Transmission electron microscopic observations of vitreous abnormalities in retinitis pigmentosa (correspondence), 345

Vitreoretinal photography using the 90-diopter lens (letter), 238

Vitreous opacification after cataract extraction, 276

Y

Yersinia sp.

Yersinia pestis endophthalmitis (letter), 721

ABSTRACT INDEX

A

Acrodermatitis enteropathica

Ocular histopathology of acrodermatitis enteropathica, 247

Alzheimer's disease

Mental status changes induced by eye drops in dementia of the Alzheimer type, 735

Saccadic eye movement dysfunction in Alzheimer's disease, 348

Amblyopia

Bilateral amblyopia after a short period of reverse occlusion in kittens, 248

Anisotropia

Disinsertion of the superior oblique for A-pattern anisotropias, 610

Anterior chamber

Evaluations of the usefulness of viscous agents in anterior segment surgery. I. The ability to maintain the deepness of the anterior chamber, 248

Anterior segment

Evaluations of the usefulness of viscous agents in anterior segment surgery. I. The ability to maintain the deepness of the anterior chamber, 248

***Aspergillus* sp.**

Endogenous *Aspergillus* endophthalmitis, 612

B

***Bacillus* sp.**

Metastatic bacterial endophthalmitis. A contemporary reappraisal, 250

Posttraumatic endophthalmitis. The emerging role of *Bacillus cereus* infection, 852

Behçet's disease

Treatment and visual prognosis in Behçet's disease, 124

Blood-aqueous barrier

Opening of blood-ocular barrier demonstrated by contrast-enhancing MR imaging, 611

Blood-retinal barrier

Opening of blood-ocular barrier demonstrated by contrast-enhancing MR imaging, 611

C

***Candida* sp.**

Candida endophthalmitis. A complication of prolonged intravenous therapy and antibiotic treatment, 125

Capsulotomy

Study of the mechanism of ocular irritation following YAG laser capsulotomy in rabbits, 349

Carcinoma

Familial subconjunctival epithelial cysts associated with the nevoid basal cell carcinoma syndrome, 848

Cataract

Double-blind controlled trial to compare anti-inflammatory effects of tolmetin 2%, prednisolone 0.5% and placebo in post-cataract extraction eyes, 348

Eye findings in bilateral acoustic (central) neurofibromatosis. Association with presenile lens opacities and cataracts but absence of Lisch nodules, 351

Impact of cataract surgery with lens implantation on vision and physical function in elderly patients, 850

The Oxford clinical cataract classification and grading system, 611

Ceftriaxone

Single-dose therapy of gonococcal ophthalmia neonatorum with ceftriaxone, 249

Central serous retinopathy

Longterm results of treatment of central serous retinopathy—a preliminary report, 250

Children

Retinopathy of prematurity and iron. A modification of the oxygen hypothesis, 736

***Chlamydia* sp.**

Ocular delayed hypersensitivity. A pathogenetic mechanism of chlamydial conjunctivitis in guinea pigs, 249

Cholesterol

Accumulation of unesterified cholesterol in limbal cornea and conjunctiva of rabbits fed a high-cholesterol diet, 848

Color vision

Evaluation of the visual system in multiple sclerosis. II. Color vision, 609

Congenital disorders

Familial subconjunctival epithelial cysts associated with the nevoid basal cell carcinoma syndrome, 848

Mapping the Lowe oculocerebrorenal syndrome to Xq24-q26 by use of restriction fragment length polymorphisms, 850

Prevalence and importance of pigmented ocular fundus lesions in Gardner's syndrome, 851

Removal of corneal crystals by topical cysteamine in nephropathic cystinosis, 851

Conjunctiva

Accumulation of unesterified cholesterol in limbal cornea and conjunctiva of rabbits fed a high-cholesterol diet, 848

Conjunctival hypoxia in diabetes mellitus, 247

Effects of sickle cell anemia on conjunctival oxygen tension and temperature, 848

Conjunctivitis

Ocular delayed hypersensitivity. A pathogenetic mechanism of chlamydial conjunctivitis in guinea pigs, 249

Cornea

Accumulation of unesterified cholesterol in limbal cornea and conjunctiva of rabbits fed a high-cholesterol diet, 848

Herpes simplex virus in the cornea. An ultrastructural study on viral reactivation, 737

Removal of corneal crystals by topical cysteamine in nephropathic cystinosis, 851

Cryotherapy

Cryotherapy for active retinopathy of prematurity, 849

Cyclocryotherapy

Value and limitations of cyclocryotherapy, 350

Cyclosporine

Remission-maintaining effect of cyclosporine in endocrine ophthalmopathy, 126

Cytopathy

Histopathology of mitochondrial cytopathy and the Laurence-Moon-Biedl syndrome, 349

D**Diabetes**

Cigarette-smoking as a risk factor for macroproteinuria and proliferative retinopathy in Type 1 (insulin-dependent) diabetes, 125

Conjunctival hypoxia in diabetes mellitus, 247

Hypertension. A risk factor for proliferative retinopathy, 738

Long-term improvement of metabolic control does not affect progression of background retinopathy, 737

Ophthalmic survey of a diabetic clinic, 610

Preclinical lens alterations in diabetes mellitus, 738

Quantifying early diabetic retinopathy, 734

Diabetic retinopathy

Quantifying early diabetic retinopathy, 734

Serum angiotensin-converting enzyme in diabetic retinopathy, 738

E**Endophthalmitis**

Candida endophthalmitis. A complication of prolonged intravenous therapy and antibiotic treatment, 125

Endogenous *Aspergillus* endophthalmitis, 612

Incidence of conjunctival colonization by bacteria capable of causing postoperative endophthalmitis, 125

Metastatic bacterial endophthalmitis. A contemporary reappraisal, 250

Posttraumatic endophthalmitis. The emerging role of *Bacillus cereus* infection, 852

Enzyme

Evaluation of an enzyme-linked immunosorbent assay for the measurement of autoantibodies against eye muscle membrane antigens in Graves' ophthalmopathy, 609

Epithelium

Familial subconjunctival epithelial cysts associated with the nevroid basal cell carcinoma syndrome, 848

Epstein-Barr virus

Primary Sjögren's syndrome after infectious mononucleosis, 850

Esterase D

Need to screen all retinoblastoma patients for esterase D activity. Detection of submicroscopic chromosome deletions, 848

Eyedrops

Mental status changes induced by eye drops in dementia of the Alzheimer type, 735

Eyelid

Human bites of the eyelid, 352

F**Fluorescein angiography**

Adverse reactions to fluorescein angiography, 124

Fluorescein angiography

The normal fundus fluorescein angiogram and the normal fundus photograph, 610

Fundus

The normal fundus fluorescein angiogram and the normal fundus photograph, 610

Prevalence and importance of pigmented ocular fundus lesions in Gardner's syndrome, 851

G**Gaucher's disease**

Mutation in the human glucocerebrosidase gene in neuropathic Gaucher's disease, 851

Genetics

Congenital rubella retinopathy—a progressive disease (German), 351

Gentamicin

Acute ischemic retinopathy due to gentamicin injection, 125

Glaucoma

Control of chronic simple glaucoma with primary medical, surgical and laser treatment, 737

The follow-up in patients with pseudoexfoliation of the lens capsule with and without glaucoma, 123

Glaucomatous disc haemorrhages photographed at short intervals, 123

Influence of pindolol and timolol treatment on the visual fields of glaucoma patients, 735

Laser-induced glaucoma in rabbits, 734

Ultrastructural pathology of melanolytic glaucoma, 849

Graves' disease

Evaluation of an enzyme-linked immunosorbent assay for the measurement of autoantibodies against eye muscle membrane antigens in Graves' ophthalmopathy, 609

H**Hemorrhage**

Glaucomatous disc haemorrhages photographed at short intervals, 123

Herpes simplex virus

Herpes simplex virus in the cornea. An ultrastructural study on viral reactivation, 737

HLA

Primary Sjögren's syndrome after infectious mononucleosis, 850

Hypertension

Hypertension. A risk factor for proliferative retinopathy, 738

Hyperthyroidism

Ophthalmopathy and hyperthyroidism. A comparison between patients receiving different antithyroid treatments, 609

Hypoplasia

Syndrome of septo-optic-pituitary dysplasia. The clinical spectrum, 124

I**Infants**

Serum, retinal, choroidal vitreal vitamin E concentrations in human infants, 736

Single-dose therapy of gonococcal ophthalmia neonatorum with ceftriazone, 249

Intraocular lens

Impact of cataract surgery with lens implantation on vision and physical function in elderly patients, 850

Ischemia

Effects of sickle cell anemia on conjunctival oxygen tension and temperature, 848

K**Keratoconjunctivitis sicca**

Non-invasive tear film break-up time. Sensitivity and specificity, 246

Keratoconus

Clinical and epidemiological features of keratoconus. Genetic and external factors in the pathogenesis of the disease, 123

L**Laser**

Control of chronic simple glaucoma with primary medical, surgical and laser treatment, 737

Laser-induced glaucoma in rabbits, 734

The laser power needed for optimum results in argon laser trabeculoplasty, 123

Repeated argon laser trabeculoplasty, 123

Study of the mechanism of ocular irritation following YAG laser capsulotomy in rabbits, 349

Lens

Bilateral dislocation of the crystalline lens in a patient with presumed syphilitic uveitis, 350

Eye findings in bilateral acoustic (central) neurofibromatosis. Association with presenile lens opacities and cataracts but absence of Lisch nodules, 351

Monocular oscillopsia secondary to lens subluxation, 348

Preclinical lens alterations in diabetes mellitus, 738

Lowe's syndrome

Mapping the Lowe oculocerebrorenal syndrome to Xq24-q26 by use of restriction fragment length polymorphisms, 850

M**Macula**

'Idiopathic' preretinal macular fibrosis in young individuals, 849

Magnetic resonance imaging

Opening of blood-ocular barrier demonstrated by contrast-enhancing MR imaging, 611

Melanoma

Ultrastructural pathology of melanomalytic glaucoma, 849

Mitochondria

Histopathology of mitochondrial cytopathy and the Laurence-Moon-Biedl syndrome, 349

Morning glory syndrome

The pathogenesis of retinal detachment with morning glory disc and optic pit, 249

Mucocele

Optic canal syndrome due to posterior ethmoid sinus mucocele, 735

Multiple sclerosis

Acute optic neuritis. A prospective study of risk factors for multiple sclerosis, 248

Evaluation of the visual system in multiple sclerosis. II. Color vision, 609

Mycosis

Allergic sino-orbital mycosis. A clinical and immunologic study, 351

N**Neurofibromatosis**

Eye findings in bilateral acoustic (central) neurofibromatosis. Association with presenile lens opacities and cataracts but absence of Lisch nodules, 351

O**Ocular bobbing**

Spontaneous vertical eye movements in coma, 610

Oculomotor nerve

Minimal oculomotor nerve paresis secondary to unruptured intracranial aneurysm, 246

Open-angle glaucoma

The enigma of primary open angle glaucoma, 736

Ophthalmia neonatorum

Single-dose therapy of gonococcal ophthalmia neonatorum with ceftriazone, 249

Ophthalmopathy

Ophthalmopathy and hyperthyroidism. A comparison between patients receiving different antithyroid treatments, 609

Remission-maintaining effect of cyclosporine in endocrine ophthalmopathy, 126

Optic disk

Glaucomatous disc haemorrhages photographed at short intervals, 123

Optic nerve

Optic canal syndrome due to posterior ethmoid sinus mucocele, 735

Syndrome of septo-optic-pituitary dysplasia. The clinical spectrum, 124

Optic neuritis

Acute optic neuritis. A prospective study of risk factors for multiple sclerosis, 248

Orbit

Allergic sino-orbital mycosis. A clinical and immunologic study, 351

Use of Teflon in orbital floor reconstruction following blunt facial trauma. A 20-year experience, 852

Oscillopsia

Monocular oscillopsia secondary to lens subluxation, 348

P**Photocoagulation**

Longterm results of treatment of central serous retinopathy—a preliminary report, 250

Photoreceptor

Identification of specific transducin alpha subunits in retinal rod and cone photoreceptors, 126

Pigment epithelium

Effects of increasing numbers of phagocytic inclusions on human retinal pigment epithelial cells in culture. A model for aging, 611

Human retinal pigment epithelial cells in the vitreous of the owl monkey, 349

Role of retinal pigment epithelium in the involution of subretinal neovascularization, 350

Pindolol

Influence of pindolol and timolol treatment on the visual fields of glaucoma patients, 735

Prednisolone

Double-blind controlled trial to compare anti-inflammatory effects of tolmetin 2%, prednisolone 0.5% and placebo in post-cataract extraction eyes, 348

Proliferative retinopathy

Hypertension. A risk factor for proliferative retinopathy, 738

Proteinuria

Cigarette-smoking as a risk factor for macroproteinuria and proliferative retinopathy in Type 1 (insulin-dependent) diabetes, 125

Pseudoepiphora

Pseudoepiphora from cerebrospinal fluid leak. Case report, 124

Pseudoexfoliation

The follow-up in patients with pseudoexfoliation of the lens capsule with and without glaucoma, 123

R**Retina**

Effects of increasing numbers of phagocytic inclusions on human retinal pigment epithelial cells in culture. A model for aging, 611

Hemispheric retinal branch vein occlusion, 736

Human retinal pigment epithelial cells in the vitreous of the owl monkey, 349

Identification of specific transducin alpha subunits in retinal rod and cone photoreceptors, 126

Role of retinal pigment epithelium in the involution of subretinal neovascularization, 350

Traumatic retinal vasculopathy, 250

Retinal detachment

The pathogenesis of retinal detachment with morning glory disc and optic pit, 249

Retinitis pigmentosa

Retinitis pigmentosa and deafness, 612

Retinoblastoma

A human DNA segment with properties of the gene that predisposes to retinoblastoma and osteosarcoma, 126

Need to screen all retinoblastoma patients for esterase D activity. Detection of submicroscopic chromosome deletions, 848

Retinopathy

Acute ischemic retinopathy due to gentamicin injection, 125

Cigarette-smoking as a risk factor for macroproteinuria and proliferative retinopathy in Type 1 (insulin-dependent) diabetes, 125

Clinical and electrophysiological observations in patients with low pressure retinopathy, 247

Congenital rubella retinopathy—a progressive disease (German), 351

Long-term improvement of metabolic control does not affect progression of background retinopathy, 737

Retinopathy in systemic lupus erythematosus. Relationship to disease activity, 246

Retinopathy of prematurity

Cryotherapy for active retinopathy of prematurity, 849

Retinopathy of prematurity and iron. A modification of the oxygen hypothesis, 736

Retinoschisis

Long-term natural history study of senile retinoschisis with implications for management, 737

S**Saccades**

Saccadic eye movement dysfunction in Alzheimer's disease, 348

Sickle cell trait

Effects of sickle cell anemia on conjunctival oxygen tension and temperature, 848

Sjögren's syndrome

Primary Sjögren's syndrome after infectious mononucleosis, 850

Staphylococcus sp.

Incidence of conjunctival colonization by bacteria capable of causing postoperative endophthalmitis, 125

Statistics

Decision analysis, 612

T**Tears**

Non-invasive tear film break-up time. Sensitivity and specificity, 246

Timolol

Influence of pindolol and timolol treatment on the visual fields of glaucoma patients, 735

Tolmetin

Double-blind controlled trial to compare anti-inflammatory effects of tolmetin 2%, prednisolone 0.5% and placebo in post-cataract extraction eyes, 348

Trabeculoplasty

The laser power needed for optimum results in argon laser trabeculoplasty, 123

Late failures of trabeculoplasty, 850

Repeated argon laser trabeculoplasty, 123

Trauma

Posttraumatic endophthalmitis. The emerging role of *Bacillus cereus* infection, 852

Use of Teflon in orbital floor reconstruction following blunt facial trauma. A 20-year experience, 852

Tumor

Detection of malignant tumors, 248

U**Uveitis**

Bilateral dislocation of the crystalline lens in a patient with presumed syphilitic uveitis, 350

V**Vein occlusion**

Hemispheric retinal branch vein occlusion, 736

Visual field

Influence of pindolol and timolol treatment on the visual fields of glaucoma patients, 735

Visual screening

Comparability of ophthalmic diagnoses by clinical and reading center examiners in the visual acuity impairment survey pilot study, 734

Vitamin E

Serum, retinal, choroidal vitreal vitamin E concentrations in human infants, 736

Vitreous

Human retinal pigment epithelial cells in the vitreous of the owl monkey, 349

Traumatic retinal vasculopathy, 250

X**Xerophthalmia**

Prevalence and severity of xerophthalmia in southern Malawi, 246
